WRITING

If you're fond of watching plays on a stage or interested in soviet filmography, you should definitely visit Tabakov's theatre (or "Tabakovka" as people call it) in Moscow. There's no difficulty in finding it as all the metro's blue line a station named "Theatre" is located.

Tabakov's theatre is one of its kind. It was named after an actor Oleg Tabakov who was widely popular with soviet people due to his charm and acting skills. Ever since the theatre was built, it has been famous for its plays and modern shows. Tabakov's theatre is also an university so each year thousands of adolescents try to pass its entering exams.

It's also worth mentioning that the building itself is a work of art. It's a great example of soviet traditional architecture. You might not get a chance to see a play but even so you should visit the theatre to admire it. Moreover, Tabakov's theatre usually provides an indoor excursion about soviet filmography and Oleg Tabakov's career in particular.

Personally, I love this theatre for its incredible plays. My love for literature was born in the exact moment I saw Pushkin's "Captain's daughter" on the stage. Now every time I plan a visit to Moscow I buy buy tickets in advance.

In conclusion, I would like to strongly recommend visiting Tabakov's Theatre. It's a lifetime experience.
