## WRITING

I'd love to tell you about one place which is located just in the center of Moscow and I really like going there. It's one cafe 'Shocoladnitsa' near the place called 'Poklonnaya Gora'. I've been there several times and I can say that the atmosphere in it is fantastic. 49.

P. First, I knew about it in 2019 in the winter when my family and me arrived to Moscow and decided to go sightseeing. But unlikely, our coats weren't warm enough and we started feeling cold. It was about 4 a.m., so we could not find any place to warm because it was too early. We continued going along the street and finally saw the windows of this cafe with light in it. We were so happy. After this we came in and ordered tasty and hot coffee. 56.

P. Personally, I can recommend it because it usually opens at 6 o'clock in the morning but despite it waiters are friendly with you and the coffee is delicious. Especially, I love cappuccino there. The music in that place is relaxing and it offers you a wide range of dishes for breakfast and dinner. Also, if you're from another country, you're always welcome and can be easily understood because the workers of this cafe know various foreign languages. 214.

In addition, I can say that I've visited other restaurants of this company but I like this one the most because I've got good memories connected with it. And if you're in Moscow in a very early morning, just don't miss the chance to visit it. 261.
